

# HILLSBOROUGH COUNTY SCHOOLS

As a sub-contractor to Tampa Electric Company (TECO/BGA), WMI completed fixture renovations in 8 county schools in the Tampa Florida. Schools ranged from elementary to high school, and were built between 1950 and 1990. The schools educate over 10,000 students annually with a staff of almost one thousand and are geographically separated by as much as 30 miles.

*Savings are expected to exceed 10 million gallons of water*
